

Lifestyle™ Awning/Casement Window – 140 System

Lidco's Lifestyle™ Awning/Casement window has been developed to provide a quality, affordable and versatile range of windows, designed to meet current architectural trends and performance requirements.

The system offers the choice of 41mm or 100mm framing options, where sashes can be installed on friction stays or on a continuous hinge incorporating chain winders.

Insect and safety screens can be installed from inside the building offering extra security and convenience for cleaning. The system uses the latest in window drainage design and incorporates durable sash seals to protect your home from dust and moisture.
